

## Camping Committee

The Camping Committee has been working on different ideas for getting more kids signed up for camp. We have rolled all of the fundraised money into one account to make things easier for Debbie. Currently, we have \$2549.84 in that account to help families get their kids to camp as affordable as possible. We have also set up voucher codes for the \$45/\$75 discounts that come from the camping committee. This will allow parents to get all of the discounts at the time of payment instead of having to pay the extra and then turn in a receipt and wait for a check from the church. Hopefully, this will make registration easier on all fronts. We are currently planning on having several members of the team at K5 on March 26th to help parents that want assistance sign their kids up for camp. We will also have members set up to do the same thing during the meal on Unity Sunday.
